

MAKER FAIR 2025

MAGIC PUFFER FISH

STEPS

- 1. Stretch balloon over jar top. Measure 3 teaspoons of baking soda and pour into balloon through funnel.**
 - 2. Insert vinegar bag into balloon.**
 - 4. Tie the end of the balloon to close it.**
 - 5. Drop the balloon on the ground and stomp on it to mix the vinegar and baking soda. This will fill the balloon with carbon dioxide gas, causing your pufferfish to inflate!**
 - 6. Use sharpies to draw face and decorate your pufferfish!**
 - 7. Use sharpies and stickers to decorate a cup to carry your pufferfish in!**
